

✓ IMPORTANT:

1. Please read the installation instructions carefully before you start.
2. For your safety and to ensure a satisfactory installation, please complete all the installation steps in the order shown below.

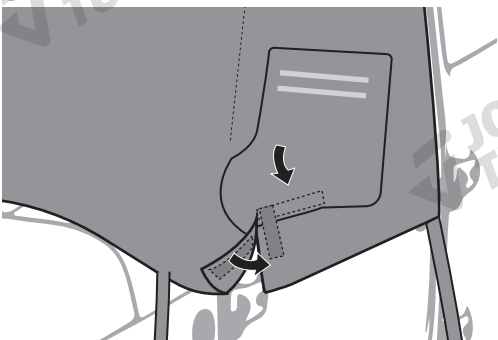

✓ INSTALLATION TIPS:

STEP 1

Open the door, put on the windshield snow cover on the driver's door, and close the door tightly. Then install the passenger's door.

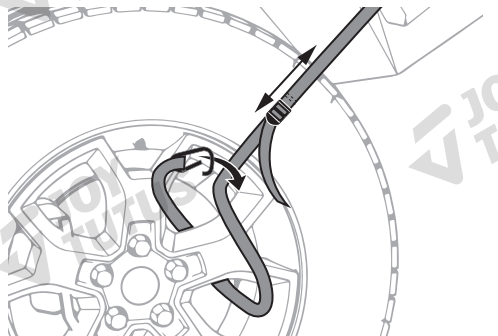

STEP 2

After completing step 1, make sure the doors are closed securely, then stick the Velcro of the mirror area on both sides.

STEP 3

Front

Use the hook to wrap around the wheel hub. Adjust and fasten the buckle.

STEP 4

Rear (Two installation methods)
